2.2 **Changes to Order Form.** Either party may request a change to an Order Form, and for such purpose shall submit to the other party a written notice (“Change Request”) setting forth the requested change and the reason for such request. Within five (5) business days (or such other period of time as agreed by the parties) after the receipt of such Change Request, the parties shall discuss the necessity, desirability and/or acceptability of the Change Request. In the event that Customer elects to upgrade to a new version of the Software or Subscription Service or elects to license additional functionality and features offered by CloudBolt, the parties will enter into a new or amended Order Form specifying such new version and/or such additional functionality and the additional fees to be paid by Customer.

### 3. **FEES; PAYMENT TERMS**

3.1 **Fees.** Customer agrees to pay CloudBolt for the Software and Services provided and expenses incurred on the basis and at the rates specified in each Order Form, as the case may be. Unless otherwise set forth on the Order Form, payment shall be due within thirty (30) days after the date of CloudBolt’s invoice and shall be made in US Dollars. Customer agrees to pay a late charge of one and half percent (1 1/2%) per month (or part of a month), or the maximum lawful rate permitted by applicable law, whichever is less, for all amounts, not subject to a good faith dispute, and not paid when due. 3.2 **Taxes.** Customer shall be solely and exclusively responsible for the payment of required federal, state and local taxes arising from or relating to the Software and Services rendered hereunder, except for taxes related to the net income of CloudBolt and any taxes or obligations imposed upon CloudBolt under federal, state and local wage laws.

### 4. **CONFIDENTIALITY AND DATA SECURITY**

4.1 **Confidential Information.** During the Agreement Term (as defined in Section 7), each party will regard any information provided to it by the other party and designated in writing as proprietary or confidential to be confidential (“Confidential Information”). Confidential Information shall also include information which, to a reasonable person familiar with the disclosing party’s business and the industry in which it operates, is of a confidential or proprietary nature. The receiving party shall hold in confidence, and shall not disclose (or permit or suffer its personnel to disclose) any Confidential Information to any person or entity *except* to a director, officer, employee, outside consultant, or advisor (collectively “Representatives”) who have a need to know such Confidential Information in the course of the performance of their duties for the receiving party and who are bound by a duty of confidentiality no less protective of the disclosing party’s Confidential Information than this Agreement. The receiving party and its Representatives shall use such Confidential Information only for the purpose for which it was disclosed and shall not use or exploit such Confidential Information for its own benefit or the benefit of another without the prior written consent of the disclosing party. Each party

accepts responsibility for the actions of its Representatives and shall protect the other party’s Confidential Information in the same manner as it protects its own valuable confidential information, but in no event shall less than reasonable care be used. The parties expressly agree that the terms and pricing of this Agreement are Confidential Information and the Software and Subscription Service are CloudBolt’s Confidential Information. A receiving party shall promptly notify the disclosing party upon becoming aware of a breach or threatened breach hereunder, and shall cooperate with any reasonable request of the disclosing party in enforcing its rights.

4.2 **Exclusions.** Information will not be deemed Confidential Information hereunder if such information: (i) is known prior to receipt from the disclosing party, without any obligation of confidentiality; (ii) becomes known to the receiving party directly or indirectly from a source other than one having an obligation of confidentiality to the disclosing party; (iii) becomes publicly known or otherwise publicly available, except through a breach of this Agreement; or (iv) is independently developed by the receiving party without use of the disclosing party’s Confidential Information. The receiving party may disclose Confidential Information pursuant to the requirements of applicable law, legal process or government regulation, provided that it gives the disclosing party reasonable prior written notice to permit the disclosing party to contest such disclosure, and such disclosure is otherwise limited to the required disclosure.

4.3 **Injunctive Relief.** Notwithstanding any other provision of this Agreement, both parties acknowledge that any use of the disclosing party’s Confidential Information in a manner inconsistent with the provisions of this Agreement may cause the disclosing party irreparable and immediate damage for which remedies other than injunctive relief may be inadequate. Therefore, both parties agree that, in addition to any other remedy to which the disclosing party may be entitled hereunder, at law or equity, the disclosing party shall be entitled to an injunction or injunctions (without the posting of any bond and without proof of actual damages) to restrain such use in addition to other appropriate remedies available under applicable law.

### 5. **LIMITED WARRANTY**

5.1 **Subscription Service Warranty.** CloudBolt warrants that during the Subscription Term, the Subscription Service will conform, in all material respects, with the Documentation. CloudBolt does not warrant that it will be able to correct all reported defects or that use of the Subscription Service will be uninterrupted or error free. CloudBolt makes no warranty regarding features or services provided by third parties. For any breach of the above warranty, CloudBolt will, at no additional cost to Customer, provide remedial services necessary to enable the Subscription Service to conform to the warranty. The Customer will provide CloudBolt with a reasonable opportunity to remedy any breach and reasonable assistance in remedying any defects. Such warranty shall only apply if the Subscription Service has been utilized by the Customer in accordance with the Order Form and this Agreement.

5.2 **Software Warranty.** CloudBolt warrants that the Software will, for a period of ninety (90) days following issuance of the License Key (“Warranty Period”), substantially conform to the applicable Documentation, provided that the Software: (a) has been properly installed and used at all times and in accordance with the applicable Documentation; and (b) has not been modified or added to by persons other than CloudBolt or its authorized representative. CloudBolt will, at its own expense and as its sole obligation and Customer’s exclusive remedy for any breach of the foregoing warranty, either replace the applicable Software or correct any reproducible error in the Software reported to CloudBolt by Customer in writing during the Warranty Period. If CloudBolt determines that it is unable to correct the error or replace the Software, CloudBolt will refund to Customer the license fees actually paid by for the applicable Software and Customer’s right to use

such Software will terminate. The remedies set out in this subsection are Customer's sole remedies for breach of the above warranty.

5.3 Professional Services Warranty. CloudBolt warrants that any Professional Services provided hereunder shall be provided in a competent and professional manner and in accordance with any specifications set forth in the Order Form in all material respects. If the Professional Services are not performed as warranted, then, upon the Customer's written request, CloudBolt shall promptly re-perform, or cause to be re-performed, such Professional Services, at no additional charge to the Customer. Such warranties and other obligations shall survive for thirty (30) days following the completion of the Professional Services.

5.4 No Other Warranty. CLOUDBOLT DOES NOT REPRESENT THAT THE SERVICES OR SOFTWARE WILL BE ERROR-FREE OR THAT THE SERVICES OR SOFTWARE WILL MEET CUSTOMER'S REQUIREMENTS OR THAT ALL ERRORS IN THE SERVICES OR SOFTWARE WILL BE CORRECTED OR THAT THE OVERALL SYSTEM THAT MAKES THE SUBSCRIPTION SERVICE AVAILABLE (INCLUDING BUT NOT LIMITED TO THE INTERNET, OTHER TRANSMISSION NETWORKS, AND CUSTOMER'S LOCAL NETWORK AND EQUIPMENT) WILL BE FREE OF VIRUSES OR OTHER HARMFUL COMPONENTS. THE WARRANTIES STATED IN SECTION 5 ABOVE ARE THE SOLE AND EXCLUSIVE WARRANTIES OFFERED BY CLOUDBOLT. THERE ARE NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, THOSE OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT OF THIRD PARTY RIGHTS. CUSTOMER ASSUMES ALL RESPONSIBILITY FOR DETERMINING WHETHER THE SERVICES AND SOFTWARE ARE ACCURATE OR SUFFICIENT FOR CUSTOMER'S PURPOSES.

## 6. LIMITATION OF LIABILITY.

6.1 Consequential Damage Waiver. Except for a violation by Customer of any of CloudBolt's intellectual property rights or a party's breach of Section 4, neither party will be liable to the other or any third party for loss of profits, or special, indirect, incidental, consequential or exemplary damages, including lost profits and costs, in connection with the performance of the Services, or the performance of any other obligations under this Agreement, even if it is aware of the possibility of the occurrence of such damages.

6.2 Limitation of Liability. Except as may arise out of CloudBolt's breach of Section 4, the total cumulative liability of CloudBolt to Customer for any and all claims and damages under this Agreement, whether arising by statute, contract, tort or otherwise, will not exceed the Services or Software fees paid by Customer to CloudBolt under the Order Form for the Services or Software which form the subject of the claim during the twelve (12) month period immediately preceding the event giving rise to the claim. The provisions of this Agreement allocate risks between the parties. The pricing set forth in each Order Form reflects this allocation of risk and the limitation of liability specified herein.

## 7. TERM

7.1 Term. This Agreement will commence on the Effective Date and will continue in effect for the duration of any Subscription Terms and/or License Terms, including any renewal terms, ("Agreement Term") unless otherwise terminated in accordance with Section 7.2 below. The Subscription Term and/or License Term shall be the term set forth on the Order Form. Unless either Party provides thirty (30) days prior written notice to the other Party of its intent not to renew an Order Form, upon the expiration of the initial Subscription Term, License Term or any renewal term of such Order Form, the Order Form will automatically renew for a term equal in duration to the initial Subscription Term and/or License Term of such Order Form. For any renewal term, CloudBolt reserves the right to change or reasonably increase the rates, applicable charges and usage policies and to introduce new charges for the renewing

Order Form by providing Customer written notice thereof (which notice may be provided by e-mail) at least thirty (30) days prior to the renewal term for which the changes or increases will take effect.

7.2 Termination. Notwithstanding the foregoing, either party may terminate this Agreement or any Order Form (i) immediately in the event of a material breach of this Agreement or any such Order Form by the other party that is not cured within thirty (30) days of written notice thereof from the other party, or (ii) immediately if the other party ceases doing business or is the subject of a voluntary or involuntary bankruptcy, insolvency or similar proceeding, that is not dismissed within sixty (60) days of filing. Termination of an Order Form shall not be deemed a termination of this Agreement. Termination of this Agreement shall, however, terminate all outstanding Order Forms. Either party may also terminate this Agreement upon no less than thirty (30) days' prior written notice to the other party for any reason, if at such time there are no outstanding Order Forms then currently in effect. All rights and obligations of the parties which by their nature are reasonably intended to survive such termination or expiration will survive termination or expiration of this Agreement and each Order Form.

7.3 Effect of Termination. Upon any termination or expiration of this Agreement or any applicable Order Form, CloudBolt shall no longer provide the applicable Software and Services to Customer and Customer shall cease and cause its Users to cease using the Services and the Software. Upon termination of this Agreement or any applicable Order Form for the Subscription Service by CloudBolt due to Customer's uncured breach, in addition to any other remedies CloudBolt may have for such breach at law or in equity, Customer shall pay CloudBolt for all fees that had accrued prior to the termination date and, as liquidated damages and not as a penalty, Customer shall continue to pay CloudBolt for all monthly license fees that would have continued to accrue through the end of the then current term of the Order Form had it not been so terminated. Except as expressly provided herein, termination of this Agreement by either party will be a nonexclusive remedy for breach and will be without prejudice to any other right or remedy of such party. Upon termination of this Agreement, each party shall promptly return or destroy all Confidential Information of the other party in its possession.

## 8. INDEMNIFICATION

8.1 CloudBolt Indemnification. Subject to Section 8.3 below, CloudBolt will indemnify, defend and hold Customer harmless from and against any and all Losses incurred arising out of or in connection with a claim, suit, action, or proceeding brought by any third party against Customer alleging that the use of the Services or Software as permitted hereunder infringes any patent, copyright or trademark, or constitutes a misappropriation of a trade secret of a third party. Excluded from the above indemnification obligations are claims to the extent arising from (a) use of the Services or Software in violation of this Agreement or applicable law, (b) use of the Services or Software after CloudBolt notifies Customer to discontinue use because of an infringement claim, (c) any claim relating to any third party Data or Customer Data, (d) modifications to the Services or Software made other than by CloudBolt (where the claim would not have arisen but for such modification), (e) the combination, operation, or use of the Services or Software with materials which were not provided by CloudBolt, to the extent that Customer's liability for such claim would have been avoided in the absence of such combination, operation, or use; or (f) compliance by CloudBolt with Customer's custom requirements or specifications if and to the extent such compliance with Customer's custom requirements or specifications resulted in the infringement. If the Services or Software are held to infringe, CloudBolt will, at its own expense, in its sole discretion use commercially reasonable efforts either (a) to procure a license that will protect Customer against such claim without cost to Customer; (b) to replace the Services or Software with non-infringing Services or Software; or (c) if (a) and (b) are not commercially feasible, terminate the Agreement or the applicable Order Form and refund to the Customer any prepaid unused fees paid to CloudBolt for the infringing Services or Software and any license fees paid for the Software (as

depreciated over a five year straight line basis). The rights and remedies granted Customer under this Section 8.1 state CloudBolt's entire liability, and Customer's exclusive remedy, with respect to any claim of infringement of the intellectual property rights of a third party, whether arising under statutory or common law or otherwise.

8.2 Customer Indemnification. Subject to Section 8.3 below, Customer shall indemnify, defend, and hold CloudBolt harmless from and against any and all Losses resulting from a claim, suit, action, or proceeding brought by any third party against CloudBolt (i) alleging that the Customer Data, or any use thereof, infringes the intellectual property rights or proprietary rights of others, or has caused harm to a third party, or (ii) arising out of Customer's breach of Section 4 of Exhibit A and Sections 2.2 and 2.3 of Exhibit B.

8.3 Indemnification Procedure. The indemnified party shall (i) promptly notify the indemnifying party in writing of any claim, suit or proceeding for which indemnity is claimed, provided that failure to so notify will not remove the indemnifying party's obligation except to the extent it is prejudiced thereby, and (ii) allow the indemnifying party to solely control the defense of any claim, suit or proceeding and all negotiations for settlement; provided that the indemnifying party shall not settle any claim without the indemnified party's prior written consent (such consent not to be unreasonably withheld or delayed). The indemnified party shall also provide the indemnifying party with reasonable cooperation and assistance in defending such claim (at the indemnifying party's cost).

## 9. GENERAL PROVISIONS

9.1 Entire Agreement and Controlling Documents. This Agreement, including all Exhibits hereto and all Order Forms, contains the entire agreement between the parties with respect to the subject matter hereof, and supersedes all proposals, understandings, representations, warranties, covenants, and any other communications (whether written or oral) between the parties relating thereto and is binding upon the parties and their permitted successors and assigns. Only a written instrument that refers to this Agreement or the applicable Order Forms and that are duly signed by the authorized representatives of both parties may amend this Agreement or such Order Forms. Any inconsistent or conflicting terms and conditions contained in any purchase order issued by Customer shall be of no force or effect, even if the order is accepted by CloudBolt. This Agreement shall be construed and interpreted fairly, in accordance with the plain meaning of its terms, and there shall be no presumption or inference against the party drafting this Agreement in construing or interpreting the provisions hereof.

9.2 Assignment. This Agreement shall be binding upon and for the benefit of CloudBolt, Customer and their permitted successors and assigns. Either party may assign this Agreement and all Order Forms as part of a corporate reorganization, consolidation, merger, or sale of substantially all of its assets. Except as expressly stated in this Agreement, neither party may otherwise assign its rights or delegate its duties under this Agreement either in whole or in part without the prior written consent of the other party, and any attempted assignment or delegation without such consent will be void.

9.3 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, USA without regard to its conflict of law provisions.

9.4 Headings. The headings to the sections of this Agreement are for ease of reference only and shall not affect the interpretation or construction of this Agreement.

9.5 Relationship of the Parties. CloudBolt and Customer are independent contractors, and nothing in this Agreement shall be construed as making them partners or creating the relationships of employer and employee, master and servant, or principal and agent between them, for any purpose whatsoever. Neither party shall make any contracts, warranties or representations or assume or create any obligations, express or implied, in the other party's name or on its behalf.

9.6 Publicity. Neither party will use, publicize, or issue any press release which includes the name, trademarks, or other proprietary identifying symbol of the other party without the prior written consent of the other party; provided, that CloudBolt may include Customer's name and logo on lists of selected Customers.

9.7 Force Majeure. Except for the obligation to make payments, nonperformance of either party shall be excused to the extent that performance is rendered impossible by strike, fire, flood, governmental acts or orders or restrictions, failure of suppliers, or any other reason where failure to perform is beyond the reasonable control of the non-performing party.

9.8 Notices. Any notice, approval, request, authorization, direction or other communication under this Agreement shall be given in writing and shall be deemed to have been delivered and given for all purposes (i) on the delivery date if delivered personally to the party to whom the same is directed; (ii) one (1) business day after deposit with a nationally recognized overnight carrier, with written verification of receipt, or (iii) five (5) business days after the mailing date whether or not actually received, if sent by U.S. certified mail, return receipt requested, postage and charges pre-paid or any other means of rapid mail delivery for which a receipt is available, to the address of the party set forth on the applicable Order Form. Either party may change its address by giving written notice of such change to the other party.

9.9 No Third Party Beneficiaries. Nothing contained in this Agreement is intended or shall be construed to confer upon any person any rights, benefits or remedies of any kind or character whatsoever, or to create any obligation of a party to any such person.

9.10 Counterpart and Facsimile Execution. This Agreement may be executed in two or more counterparts, each of which shall be deemed to be an original as against any party whose signature appears thereon, but all of which together shall constitute but one and the same instrument. Signatures to this Agreement transmitted by facsimile, by electronic mail in "portable document format" (".pdf"), or by any other electronic means which preserves the original graphic and pictorial appearance of the Agreement, shall have the same effect as physical delivery of the paper document bearing the original signature.

9.11 Waiver and Severability. Performance of any obligation required by a party hereunder may be waived only by a written waiver signed by an authorized representative of the other party, which waiver shall be effective only with respect to the specific obligation described therein. The failure of either party to exercise any of its rights under this Agreement will not be deemed a waiver or forfeiture of such rights. The invalidity or unenforceability of one or more provisions of this Agreement will not affect the validity or enforceability of any of the other provisions hereof, and this Agreement will be construed in all respects as if such invalid or unenforceable provision(s) were omitted.

CloudBolt and Customer have caused this Agreement to be executed as a document under seal by their duly authorized representatives as of the Effective Date.

Customer agrees not to upload to the Subscription Service any patient, medical or other protected health information regulated by HIPAA or any similar federal or state laws, rules or regulations.
- 5. Ownership.** Customer acknowledges and agrees that (i) as between CloudBolt and Customer, all right, title and interest in and to the Subscription Service, the Subscription Materials, including the CloudBolt Technology and all derivatives thereof (including any and all patents, copyrights, trade secret rights, trademarks, trade names and other proprietary rights embodied therein or associated therewith) are and shall remain CloudBolt’s or its licensors’, and CloudBolt in no way conveys any right or interest in the Subscription Materials, the CloudBolt Technology or the Subscription Service other than a limited license to use them in accordance herewith, and (ii) the Subscription Materials, the CloudBolt Technology and the Subscription Service are works protected by copyright, trade secret, and other proprietary rights and laws. As between the parties, Customer or its licensors retain all right, title and interest (including any and all intellectual property rights) in and to the Customer Data and any modifications made thereto in the course of the operation of the Subscription Service. Subject to the terms of this Agreement, Customer hereby grants to CloudBolt a non-exclusive, worldwide, royalty-free right to use, copy, store, transmit, modify, create derivative works of, and display the Customer Data solely to the extent necessary to provide the Subscription Service to Customer, or to prevent or address service or technical problems under this Agreement, or as may be required by law.

CloudBolt will notify Customer immediately following discovery of any suspected breach or compromise of the security, confidentiality, or integrity of any Customer Data. Written notification provided pursuant to this paragraph will include a brief summary of the available facts, the status of CloudBolt's investigation, and if known and applicable, the potential number of persons affected by release of data relating to such person.

11. Aggregate Data. CloudBolt will have the right to generate Aggregate Data, and the parties agree that CloudBolt may use Aggregate Data for any business purpose during or after the Agreement Term. CloudBolt will not distribute Aggregate Data in a manner that personally identifies Customer, customers of Customer or its Users. For purposes of the foregoing, "Aggregate Data" means (a) data generated by aggregating Customer Data with other data so that the results are not personally identifiable with respect to Customer, customers of Customer or Authorized Users, and (b) any anonymous data and learnings regarding use of the Subscription Service. In the event Customer provides CloudBolt with Feedback, Customer hereby grants to CloudBolt an irrevocable, fully-paid up, non-exclusive, royalty-free, perpetual and worldwide license to use, reproduce, distribute, create derivative works of, publicly perform, and publicly display such Feedback in any medium or format, whether now known or later developed.

**Service Level Agreement**

**1. Service Level**

**1.1 Availability.** The Subscription Service will be available 99.9% of the time per quarter, except for any downtime due to Maintenance or a Force Majeure Event (“*Uptime Availability*”). For any partial calendar quarter during which Customer subscribes to the Subscription Service, Uptime Availability will be calculated based on the entire calendar quarter, not just the portion for which Customer subscribed. In addition, unavailability for some specific features or functions within the Subscription Service, while others remain available, will not constitute unavailability of the Subscription Service, so long as the unavailable features or functions are not, in the aggregate, material to the Subscription Service as a whole.

**1.2 Maintenance.** “Maintenance” shall mean any scheduled maintenance on the Subscription Service or any unplanned maintenance lasting less than 15 minutes.

**2. Service Credits.** If the Subscription Service does not meet the Uptime Availability in any given calendar quarter (excluding any Maintenance or Force Majeure Event) and this downtime significantly affected Customer’s ability to use the Subscription Service, then CloudBolt will credit Customer with an amount equal to five percent (5%) of the Subscription Service monthly fee for each two hours of general Subscription Service unavailability below 99.9%, up to a maximum of thirty percent (30%) of the Subscription Service monthly fee. Any such credit shall be applied to Customer’s next invoice (or refunded if there are no forthcoming invoices). This credit is Customer’s sole and exclusive remedy. Any obligations of CloudBolt under this Exhibit shall become null and void upon any breach by Customer of the Agreement, including any failure by Customer to meet payment obligations to CloudBolt.

**3. Reporting.** To file a claim under this Exhibit, Customer must send an email to [support@cloudboltsoftware.com](mailto:support@cloudboltsoftware.com) with the following details:

- Billing information, including company name, billing address, billing contact and billing contact phone number;
- Downtime information with dates and time periods for each instance of downtime during the relevant period; and
- An explanation of the claim made under this Exhibit, including any relevant calculations.

Claims may only be made on a calendar quarter basis and must be submitted within 10 business days after the end of the relevant quarter, except for periods at the end of a subscription period that do not coincide with a calendar quarter, in which case Customer must make any claim within 10 business days after the end of the subscription period.

All claims will be verified against CloudBolt’s applicable system records. Should any periods of downtime submitted by Customer be disputed, CloudBolt will provide to Customer a record of the Subscription Service availability for the period in question. CloudBolt will only provide records of system availability in response to good faith Customer claims.

## Exhibit B

- 1.3 **Copies.** Customer may make one copy of the Software for archival purposes only. The copy shall: (a) be kept within Customer's possession or control; (b) include all titles, trademarks, and copyright and restricted rights notices in the original; and (c) be subject to this Agreement. Customer may not otherwise copy the Software without CloudBolt's prior written consent.
- 1.4 **Open Source Software.** The Software may include certain OSS for use in combination with the Software. Such OSS is free and distributed to Customer under the terms set forth in the respective license agreements (the "Open Source Agreements"). This Agreement in no way supplements or detracts from any term or condition of such Open Source Agreements. During the License Term, CloudBolt shall provide a complete listing of all applicable OSS included in the Software upon Customer's request. Each party represents and warrants that it will comply in all material respects with all terms of the applicable Open Source Agreements with respect to all OSS provided to Customer by CloudBolt. CloudBolt further represents and warrants that Customer's use of such OSS as permitted or contemplated by this Agreement and in accordance with the applicable Open Source Agreements shall not subject any software owned by Customer to the terms of any restricted open source license. A "restricted open source license" means any license that contains any "copy left" or other similar obligation or condition that requires (a) that the software covered by the license or any software incorporated into, based on, derived from or distributed with such software be disclosed, distributed or made available in source code form or be licensed under the terms of any Open Source Agreement or (b) the grant of any rights, immunities or covenants under any other software or intellectual property.

Customer's rights to use the Software and Documentation shall be limited to those expressly granted in this Agreement and any applicable Order Form. No other rights with respect to the Software or any related Intellectual Property Rights are implied. Customer is not authorized to use (and shall not permit any third party to use) the Software, Documentation or any portion thereof except as expressly authorized by this Agreement or the applicable Order Form.
- 2.2 **Restrictions.** Customer acknowledges that the Software and the structure, sequence, organization, user interface and source code of the Software constitute valuable trade secrets of CloudBolt. Accordingly, except as expressly authorized by CloudBolt in writing, Customer will not and will not permit any third party to: (a) sell, lease, license, distribute, sublicense or otherwise transfer in whole or in part the Software or Documentation to any third party; (b) decompile, disassemble, reverse engineer, or otherwise attempt to derive source code from the Software, in whole or in part; (c) copy the Software, except for archival purposes, as set out herein; (d) circumvent, enable, modify or provide access, permissions or rights which violate the technical restrictions of the Software as described in this Agreement; (e) use any Connectors that are not described, or exceed the number of VMs listed, in the Order Form; (f) translate, modify or create derivative works based upon the Software; (g) permit any use of or access to the Software by any third party other than Third Party Agents as set forth herein; (h) remove any product identification, proprietary, copyright or other notices contained in the Software; (i) operate the Software on behalf of or for the benefit of any third party; including the operation of any service that is accessed by a third party; or (j) benchmark the operation of the Software without CloudBolt's prior written consent. Customer acknowledges and agrees that Customer may not use the Software in conjunction with, or with the assistance of, any codes, keys, mechanisms, or hardware or software components that are meant to circumvent the protection and that are supplied to Customer by someone other than CloudBolt or one of its authorized distributors.
- 2.3 **Decompilation.** Customer hereby waives any right it may have under any jurisdiction to reverse engineer the Software provided, however, if European Community law is applicable, the restrictions in this Section are limited so that they prohibit such activity only to the maximum extent such activity may be prohibited without violating the EC Directive on the Legal Protection of Computer Programs. Notwithstanding the foregoing, prior to any such legally excused decompiling, disassembly or reverse engineering of the Software, Customer must first issue a written request to CloudBolt for information or assistance and Customer shall refrain from decompiling, disassembling, or otherwise reverse engineering any of the Software unless CloudBolt cannot, or fails, to comply with such request within a commercially reasonable period of time.

- 2.4 ***Audit.*** During the term of this Agreement and for five (5) years thereafter, CloudBolt, or its third party auditor, may, upon reasonable notice to Customer and on not more than one occasion in any 12-month period (provided that if an audit reveals that if Customer has breached any provision of this Agreement then such audit shall not count toward the limitation of the number of audits that may be conducted in a given period), audit such records to verify that Customer has: (a) used the Software solely in the manner authorized herein; (b) paid all applicable fees; and (c) otherwise complied with the terms of this Agreement and all Order Forms. Audits will be conducted during normal business hours and CloudBolt will use commercially reasonable efforts to minimize the disruption of Customer's normal business activities. Customer agrees to cooperate with CloudBolt and/or its third-party auditor and will promptly pay directly to CloudBolt any underpayments revealed by such audit. Customer will promptly reimburse CloudBolt for all reasonable costs and expenses incurred by CloudBolt for such audit if: (i) such audit reveals an underpayment by Customer of more than five percent (5%) of the fees payable by Customer to CloudBolt for the period audited; or (ii) such audit reveals Customer has materially failed to maintain accurate records of Customer's use of the Software.
- 2.5 ***Electronic Reporting.*** The Software may periodically transmit analytical information and data about how the Software is being used in Customer's environment. This information consists of only non-attributable, non PCI-regulated data and information, such as the license serial number, the Software's unique identifier, a total count of managed resources, Connectors or total count of users, and other pieces of data intended to help CloudBolt improve the Software. Customer acknowledges and agree that CloudBolt shall have the unrestricted right to use, distribute, market, exploit and display any information, analysis, statistics and other data generated by Customer's use of the Software, including compilation of aggregated statistics about the Software; provided, however, that CloudBolt shall not publicly disclose or distribute any such data unless such data is in an aggregated form that would not permit a third party to identify the data as associated with Customer.
- 2.6 ***Export; Government Restricted Rights.*** Customer acknowledges that the export of any Software is subject to export or import control and Customer agrees that any Software or the direct or indirect product thereof will not be exported (or re-exported from a country of installation) directly or indirectly, unless Customer obtains all necessary licenses from the U.S. Department of Commerce or other agency as required by law. The Software and the Documentation have been developed at private expense and are sold commercially. They are provided under any U.S. government contracts or subcontracts with the most restricted and the most limited rights permitted by law and regulation. Whenever so permitted, the government and any intermediate buyers will obtain only those rights specified in CloudBolt's standard commercial license. Thus, the Software referenced herein, and the Documentation provided by CloudBolt hereunder, which are provided to any agency of the U.S. Government or U.S. Government contractor or subcontractor at any tier shall be subject to the maximum restrictions on use as permitted by FAR 52.227-19 (June 1987) or DFARS 227.7202-3(a) (Jan. 1, 2000) or successor regulations.

### 3. MAINTENANCE SERVICES.

#### 1. Definitions

***"Business Hours"*** or ***"Business Days"***: means Monday Through Friday 8:00AM to 8:00PM Eastern time, exclusive of Federal US Holidays.

***"Error"*** means any verifiable and reproducible failure of the Software to materially conform to the Documentation. Notwithstanding the foregoing, the term "Error" shall not include any failure of the Software to materially conform to the Documentation that: (a) results from Customer's misuse or improper use of the Software; (b) does not materially affect the operation and use of the Software; (c) results from the modification or addition to the Software that is not part of the Software that CloudBolt makes generally available; or (d) results from Customer's failure to implement in a timely manner any Maintenance Services.

***"M&S Period"*** means the annual period for which Customer has purchased Maintenance Services and any subsequent renewal periods.

***"Named Contacts"*** means the individual(s) identified by Customer as having authority to receive Maintenance Services on behalf of Customer.

***"Response Times"*** shall mean the time between the Customer completes and logs a support ticket with CloudBolt to request interactive technical support and the time CloudBolt responds to such request. Response Times are measured in CloudBolt Business Hours.

***"Severity"*** means the relative impact an Error has on the production use of the Software, as determined by CloudBolt. The following Severity levels are applicable to all Software.

***"Severity One"*** means Customer's use of the Software is completely down, with no immediately available workaround. The Software will not start, or is non-functional in all respects and is negatively affecting or impairing the remote 3rd-party provisioning of virtual instances. Severity One support requires Customer to have dedicated resources available to work on the issue on an ongoing basis during Customer's contractual hours.

***"Severity Two"*** means when major functionality is severely impaired. Although operations may continue in a restricted fashion, a Customer's ability to use the Software has been significantly impaired, with no functional workaround possible. For example, the Software will start, but new instances cannot be provisioned.

***"Severity Three"*** describes a partial Software outage, affecting a non-critical aspect of the functionality. In these cases, either a workaround exists, or the functionality impacted is not required for typical production use. For example, users are not able to provision new instances, but administrators will be able to.

***"Severity Four"*** involves any general usage questions, or issues related to user interface anomalies, artifacts, or rendering issues. An example of this can include a Software user interface page looking different between two different browsers.

***"Software Maintenance"*** means the provision of Major Releases, Minor Releases and Maintenance Releases, if any, to the Software, as well as any corresponding Documentation. Customer's use of such Major Releases, Minor Releases and Maintenance Releases shall be subject to the terms of the Agreement.

“**Maintenance Release**” means a generally available release of the Software that typically provides maintenance corrections or fixes only, designated by CloudBolt by a change in the digit to the right of the second decimal point (e.g. Software 2.0 >> Software 2.0.1).

“**Major Release**” means a generally available release of the Software that contains functional enhancements or extensions, designated by CloudBolt as a change in the digit to the left of the first decimal point (e.g. Software 2.0 >> Software 3.0).

“**Minor Release**” means a generally available release of the Software that introduces a limited amount of new features and functionality, designated by CloudBolt as a change in the digit to the right of the decimal point (e.g. Software 2.0>>Software 2.1).

Customer will maintain and implement a complete data backup and disaster recovery plan. Customer shall be solely responsible for any and all security of its confidential, proprietary and/or classified information.
